◆ CRARY EDUCATION FUND ◆

Winter 2019

Dear Crary Alumnus/Alumna

I am contacting former Crary Scholarship recipients to ask for help in the continuing effort to have our alumni share their educational stories as an illustration of the impact a scholarship program can have on students growing up in the North Country. Would you consider lending your story to an effort to raise awareness of the Crary program?

By way of background, since 1973 the Bruce L. Crary Foundation has offered over 6,800 students renewable scholarships for study at universities, two-year colleges and technical schools. Working with forty high schools in Essex, Clinton, Franklin, Warren and Hamilton counties, we currently provide nearly 400 students with annual scholarships ranging from \$600 to \$1000.

Would you be willing to give a brief personal history, touching on family circumstances if you choose, and describe your high school to college transition?

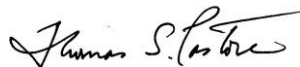

If so (see the second page for the survey):

- Please tell us about your career history, current occupation and anything else you think would be of interest.
- How did your Crary Award help your college experience?
- How did your college experience affect your future?
- Have you considered or are you currently living in the North Country?
- Would you provide us with a photo?

For over 40 years Crary has been helping high school seniors realize the dream of going to college. We want to ensure that area students will continue to benefit from need-based scholarship assistance for many years to come. I hope you will consider becoming part of this effort to spread the word about a very worthy North Country institution.

I look forward to hearing from you and catching up on your activities since your college days. Please mail your response to me at the address below or to my email: director@craryfoundation.org .

With thanks,

Thomas S. Pastore
Executive Director

BRUCE L. CRARY FOUNDATION, INC.
